Professional Experience

- Mobile Application Developer** | Milenia - Informatics and Services, Ltd. | Feb. 2023 - Current
Developed a React Native application for iOS, gaining proficiency in JavaScript. Additionally, I was responsible for creating graphic materials for the application's launch, utilizing Photoshop.
- Cybersecurity Intern** | Securnet | Jun. 2023 - Aug. 2023
Served as an intern on the managed services team where I carried out an extensive project for my Computer Engineering course. I gained experience in Network Engineering, including email, web, and SFTP server configuration. I also became familiar with tools like Zabbix, GLPi, and Grafana, and wrote a Bash script using machine learning algorithms to analyse Zabbix's database.
- Distributor** | Paintre - Lens, Switzerland | Jun. 2020 - Sep. 2020
Responsible for loading and transporting furniture between homes according to customer needs.
- Condominium Administrator** | Lens Municipality - Lens, Switzerland | Jun. 2019 - Sep. 2019
Oversaw cleaning, maintenance, and garden upkeep of the condominium. Also ensured the well-being of the residents and addressed any issues reported by them.
- Condominium Administrator** | Crans-Montana Municipality - Lens, Switzerland | Jun. 2018 - Sep. 2018
Oversaw cleaning, maintenance, and garden upkeep of the condominium. Also ensured the well-being of the residents and addressed any issues reported by them.
- Caddie - Staff** | Omega European Masters Crans Montana - Crans-Montana, Switzerland | Sep. 2017
Staff member at one of the most prestigious golf tournaments in Europe.
- Viticulturist** | Cave du Mont de Lens - Lens, Switzerland | Sep. 2016
Engaged in grape picking for wine production processes.

Education

- Institute Polytechnic of Guarda** | Guarda | 2023
- Bachelor's degree in Computer Engineering**
Thesis: Intelligent Network Monitoring System
 - Vice-President of Computer Engineering Student Association**
