Professional Experience

Mobile Application Developer | Milenia - Informatics And Services, Ltd. | Feb. 2023 - Oct. 2023
Developed a React Native application for iOS, gaining proficiency in JavaScript. Additionally, I was responsible for creating graphic materials for the application's launch, utilizing Photoshop.

Cybersecurity Intern | Securnet | Jun. 2023 - Aug. 2023
Served as an intern on the managed services team where I carried out an extensive project for my Computer Engineering course. I gained experience in Network Engineering, including email, web, and SFTP server configuration. I also became familiar with tools like Zabbix, GLPi, and Grafana, and wrote a Bash script using machine learning algorithms to analyze Zabbix's database.

Distributor | Paintre - Lens, Switzerland | Jun. 2020 - Sep. 2020
Responsible for loading and transporting furniture between homes according to customer needs.

Condominium Administrator | Lens Municipality - Lens, Switzerland | Jun. 2019 - Sep. 2019 Oversaw cleaning, maintenance, and garden upkeep of the condominium. Also ensured the well-being of the residents and addressed any issues reported by them.

Condominium Administrator | Crans-Montana Municipality - Lens, Switzerland | Jun. 2018 - Sep. 2018
Oversaw cleaning, maintenance, and garden upkeep of the condominium. Also ensured the well-being of the residents and addressed any issues reported by them.

Caddie - Staff | Omega European Masters Crans Montana - Crans-Montana, Switzerland | Sep. 2017
Staff member at one of the most prestigious golf tournaments in Europe.

Viticulturist | Cave du Mont de Lens - Lens, Switzerland | Sep. 2016
Engaged in grape picking for wine production processes.
